- ◆ Data/Fax Software CD, On-Line Manual
- ◆ USB Patch Cable
- ◆ RJ-11 Phone cable

CONNECT YOUR LAPTOP OR DESKTOP TO THE INTERNET!

The Hawking HM92U is a compactly 56K V.92 External USB modem. It uses an advanced chipset solution that provides a complete system design featuring Data/Fax/TAM for 56K dial-up Internet access. Hawking's HM92U can connect to the Internet Faster than any conventional fax modem at the speed up to 56kbps. In addition, it is integrated with USB interface, allowing greater access to the PC system resources. It is also USB powered, therefore, power consumption is low and an power adapter is not required.

Easy Plug-and-Play

The installation process is quite simple. The HM92U is fully compatible with Windows 98SE, 2000, ME and XP operating systems. Just insert the provided Software Drivers and Windows will automatically configure it and the modem will install itself.

FEATURES

- ◆ USB specifications v1.1 compliant
- ◆ Bus powered design - No additional power adapter required
- ◆ Plug-and-play compatible for easy installation and configuration
- ◆ Data transfer rate up to 56 Kbps download and up to 48 Kbps upload
